

June 2022

Summer 2022 Assessments

Please find below a list of mock assessments for Year 10 starting on Monday 13 June 2022. Students have been working hard with their classroom teachers to prepare for these mock assessments. The purpose of these assessments is to gauge the current level of work of students, provide clarity on what students understand and to further inform the teacher of where there are gaps in knowledge.

A secondary purpose of this assessment period is to prepare students for sitting an exam in exam conditions with invigilators which is something we have been unable to do up until this point.

Please ensure students have familiarised themselves with the JCQ Information for Candidates documents that are on google classroom. This has been explained to students in assemblies and in tutor time. Copies of these documents can also be found on the Academy website - <https://www.cityfields.outwood.com/exams>

Please let your Learning Manager know as soon as possible if anything appears to be incorrect, or if you have any questions. If you have any concerns or questions relating to exam issues please contact Mrs Alderson at school.

Date	Start Time	Exam	
Monday 13 June	13:00	Chemistry and Physics	13:00-15:00
Wednesday 15 June	13:00	Maths	13:00-14:30
