Dear Parents and Carers

Year 10 & 11 have received their Praising Stars(c) this week and you will have also received the link to the newsletter. It has been a very exciting half term and we have more positive and annual events to come in the next half term. We will be inviting parents and carers to attend these events so you can see the hard work that students have put into their year.

Building work

The car park within the school grounds has been completed and we are now on to the next phase of the building works. At this point there will be portacabins that will be brought onto the school site due to the expanding roll. These enabling works will then lead to the start of the new build due to commence in August 2022.

In addition there are remedial works that need to be carried out on the roof of the Annex which occurred during the high winds. Can we say a huge thank you to the community who alerted us to the damage, and who continue to help us keep the site safe. In addition there will be a fire escape which will be added to the Annex which commences mid July and will take 17 weeks. This takes out of action the pedestrian gate and will create a compound around the side gate. All measures have been taken into account to keep students safe and still allow them to have outside time and space.
